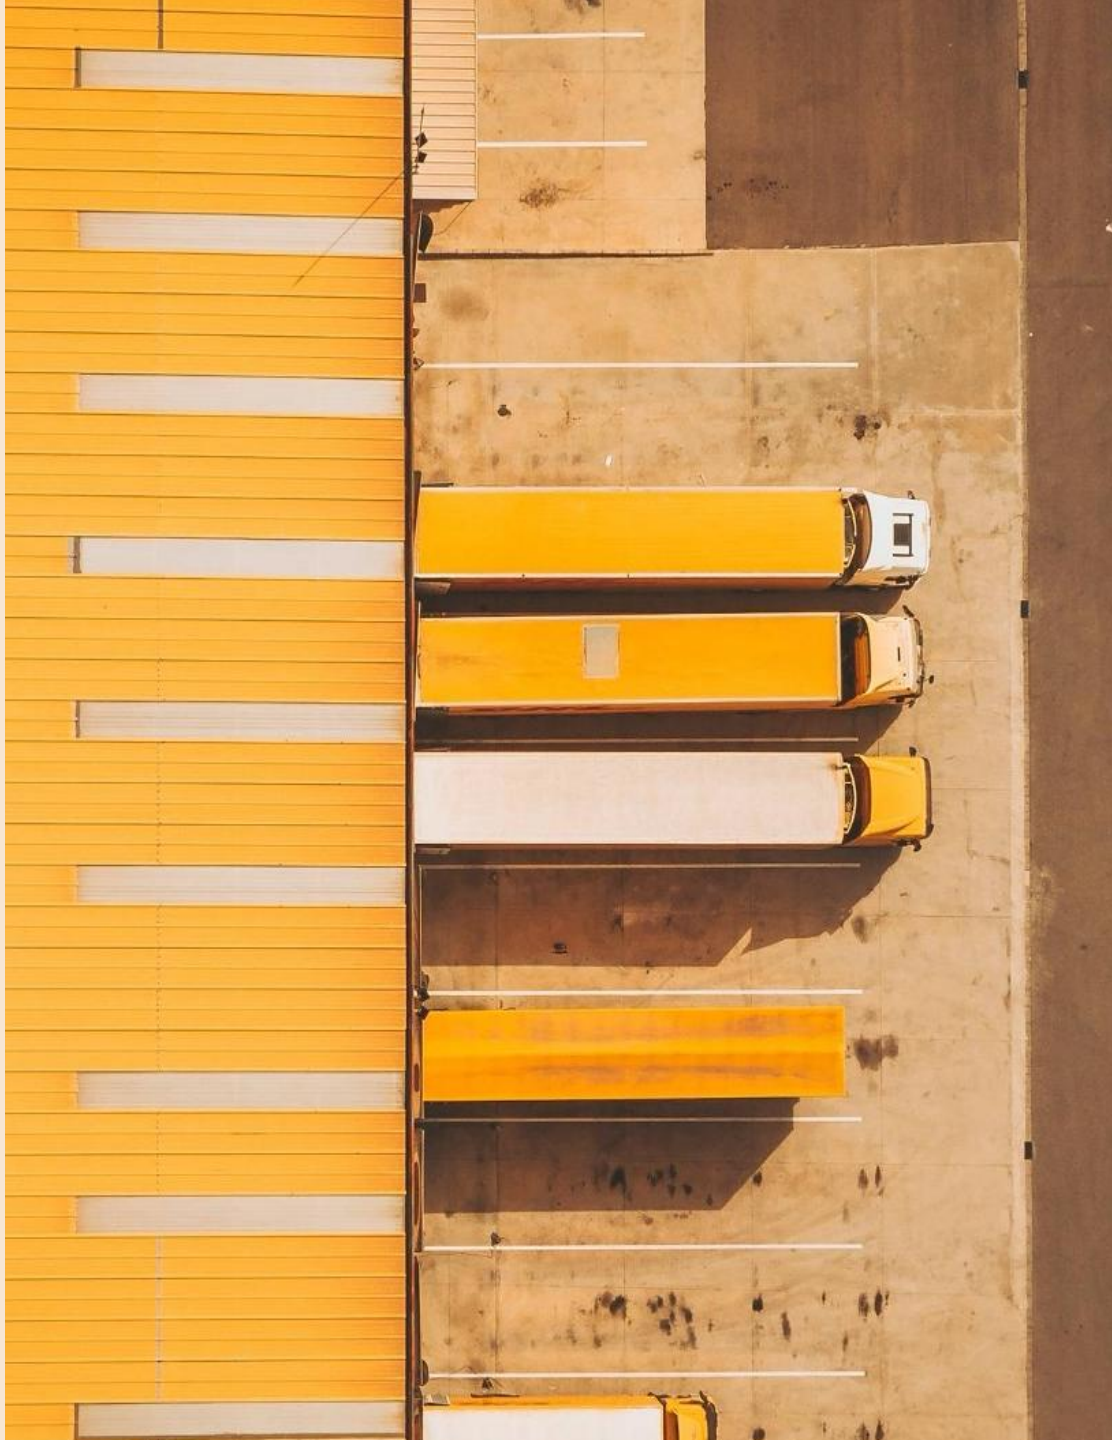
Q & A



INTRODUCTION

Bright Coffee is a coffee shop located in Astoria, Hell's Kitchen and Lower Manhattan

It offers a wide range of premium coffee, a variety of teas and mouth watering pastry products

AIM

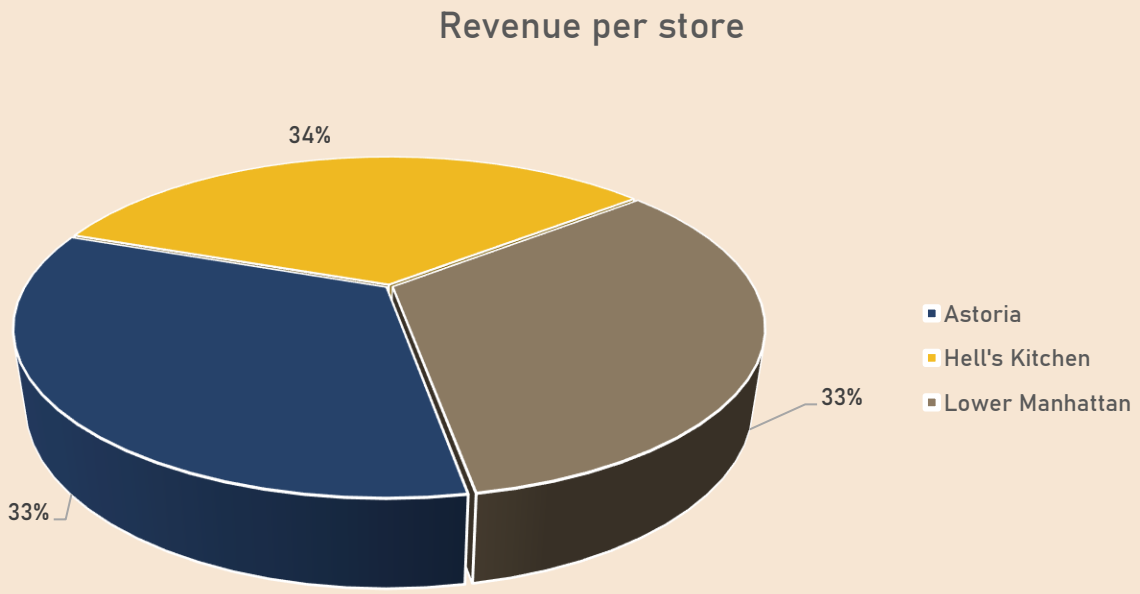
The business has recently appointed a new CEO whose main objectives are to increase sales and grow company revenue

- **To do this, the CEO has asked for the analytics of the business.**
- **Historical data will be used to extract insights and to show the current performance and sales of the coffee shop products**
- **This will in turn assist the CEO in making informed business decision and consequently meet his objectives.**

SUMMARY

REVENUE: R698 812

SALES: 214470



6 month period:
01/01/2023-30/06/2023

3 stores:
-Astoria

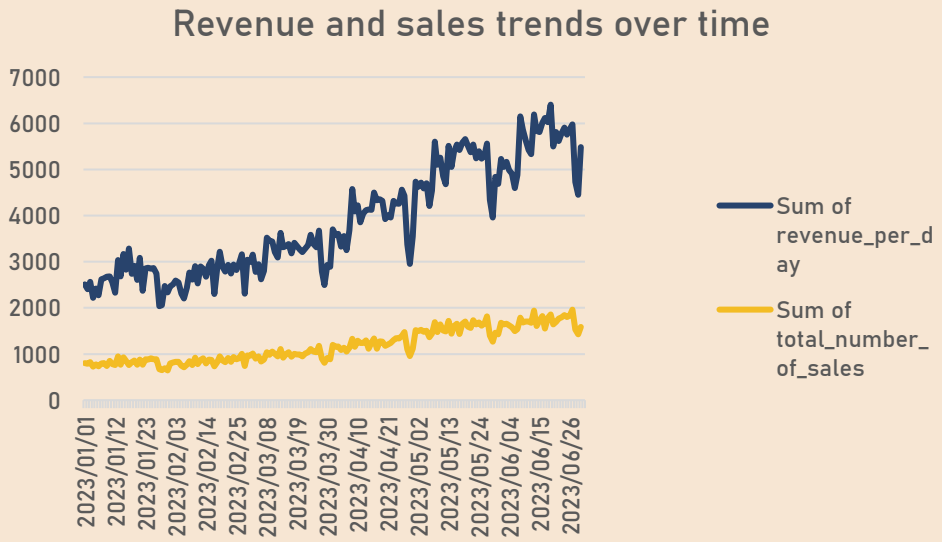
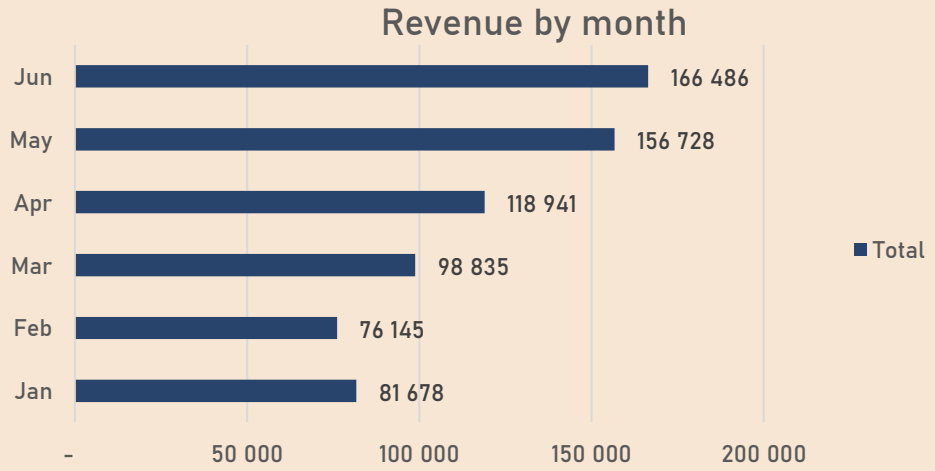
-Lower Manhattan

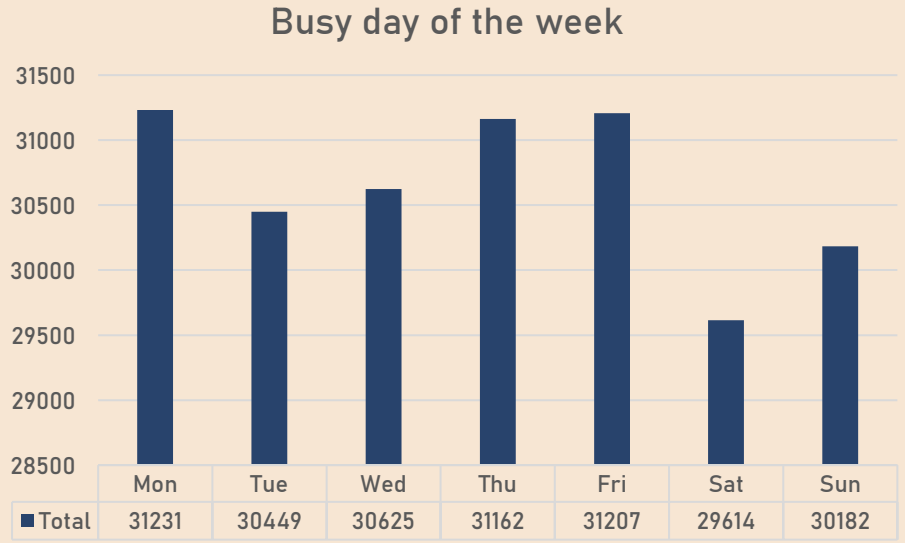
80 product types

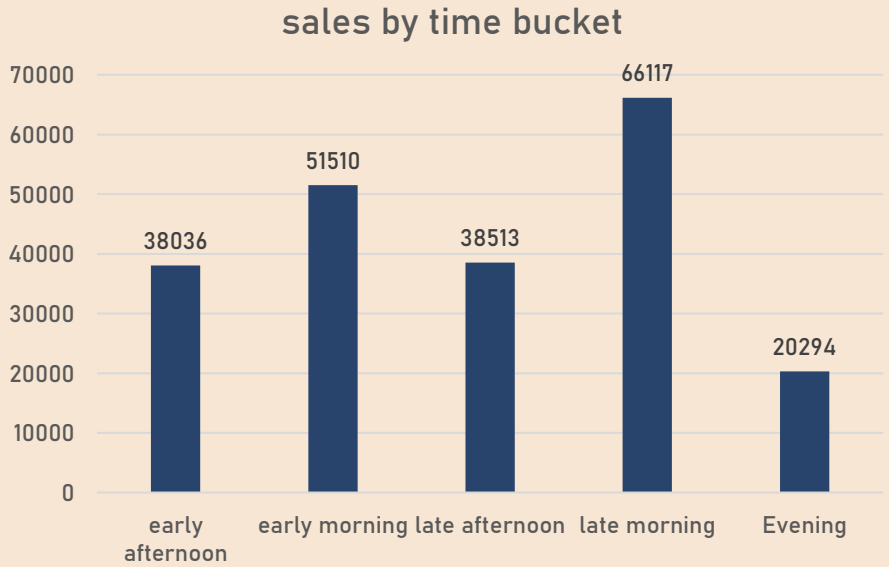
INSIGHTS

1. What time of day the store performs best
2. Sales trends across time intervals







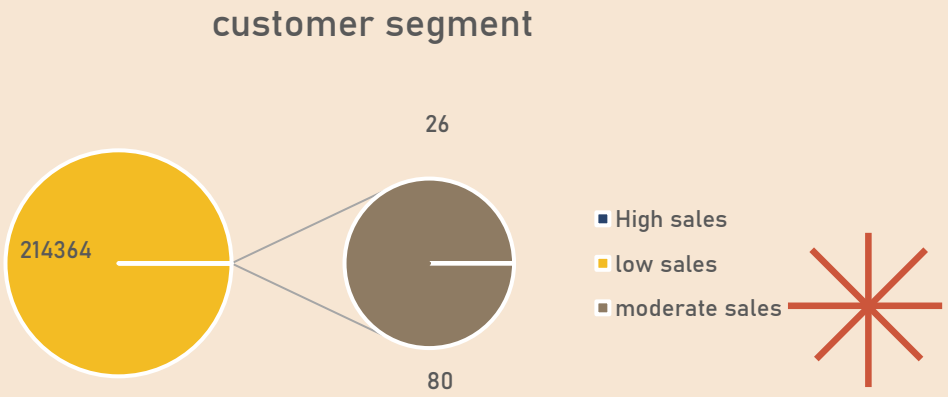


EM-06:00-08:59
LM-09:00-11:59
EA-12:00-14:59
LA-15:00-18:00
E->18:00

INSIGHTS

1. Which products generate the most revenue
2. Sales trends across products

	Coffee	Tea	Bakery	Drinking Chocolate	Coffee beans	Branded	Loose Tea	Flavours	Packaged Chocolate
revenue	269638	196747	82907	71979	39392	13414	11010	9392	4335
sales	89044	69583	23569	17439	1855	783	1226	10474	497



RECOMMEDATIONS FOR IMPROVING SALES PERFORMANCE

-09:00-12:00 has the highest sales: Run promotions during these time slots to boost sales(e.g. 10% off or three for two)

- Do sales forecasting and manage inventory levels using historical data
- Discontinue slow movers
- Always have raw materials in stock for best sellers
- Consider adjusting headcount to reduce wages expense during less busy months

Q&A

Thank you!
